## **DROP-LENS RECESSED LINEAR REVEALS PURE ELEGANCE: JILL FROM BIRCHWOOD LIGHTING**

**New Product Introduction:** JILL - Drop Lens Specification-Grade minimal aperture recessed linear fluorescent or LED light fixtures. 1.65" and 3.25" aperture sizes offered. Two options of trim styles: 3/4" flanged (TR) Trim, or mud-over flange (TL) Trim-less mount allowing only a 1/8" hairline reveal. 4 lens styles offered. JILL is designed to provide stand-alone or continuous-run illumination with near-zero lamp image. Install as recessed ceiling luminaire. OSRAM Lumilux® T5HE or T5HO seamless (included with fixtures), standard T5/T5HO, T8 fluorescent lamps (by others), or OSRAM LED Light Engine Systems® configurations available.

**Design:** Birchwood Lighting In-House Product Design Team

**Manufacturer:** Birchwood Lighting

**Product Applications:** JILL is a U.L. dry-listed drop-lens recessed luminaire series suitable for interior applications. High-reflectance optical tray, extruded acrylic drop-lensing delivers direct light distribution. Recommended for: Offices, Corridors, Retail or Interior Commercial applications. ADA compliant.

**Product Description:** JILL has been attractively designed to deliver efficient drop-lens illumination from within a minimal recessed fixture housing and to compliment JAKE as a companion fixture. Lens selection obscures lamp image while also delivering even illumination within an ADA compliant profile. Extruded anodized aluminum housings combined with high-impact acrylic lenses provide a robust, yet lighter-weight fixture for recessed installations. OSRAM Lumilux® T5HE or T5HO seamless fluorescent lamps, standard linear T5, T5HO, T8 fluorescent lamps or OSRAM LED Light Engine Systems®. Integral electronic ballast, drivers and power supply components are accessible through the lens opening and ballast tray from below the ceiling.

**Construction and Finishes:** Extruded acrylic drop-lenses are fabricated as: Frosted White or Frosted Clear with the option of Prismatic side lenses for more light transmittance. Heavy-gauge extruded anodized aluminum housing, formed-aluminum ballast tray. Trim (TR) style available as Satin Anodized Aluminum finish or Matte White power-coat painted finish.

**Ordering Information:** Information and pricing for the JILL of luminaires is available from Birchwood Lighting at 1302 E. Hunter Avenue, Santa Ana, CA 92705.
