## **NEW PRODUCT INTRODUCTION: KATRINA FROM BIRCHWOOD LIGHTING**

**New Product Introduction:** Our circular direct/indirect luminaire, KATRINA offers elegant architecturally pleasing design while delivering efficient and even light distribution. Single piece seamless frosted white acrylic lens, aluminum housing, integral driver and multiple LED color temperatures and custom lumen output.

**Design:** Birchwood Lighting In-House Product Design Team

**Manufacturer:** Birchwood Lighting

**Product Applications:** KATRINA, our stylish single or dual distribution circular luminaire, is designed for any suspended or surface mount application. KATRINA produces dual continuous rings of light from a 5/8" extended lens from a 6" tall housing. Available in both nominal 2' and 4' diameters and is ideal for interior commercial, retail, hospitality or institutional applications.

**Product Description:** KATRINA features one-piece seamless lenses, dual switching, multiple LED color temperatures and a myriad of intensity choices from a gentle soft glow to brilliance in excess of 20,000 lumens. KATRINA, is both powerful and beautiful, sophisticated yet modern, and 100% elegant.

**Construction and Finishes:** KATRINA is constructed of an aluminum housing 6" tall with a 3.25" profile. Single piece seamless frosted white acrylic lens. Fine textured powder coat finish in silver, white and black, custom finishes are available.

**Ordering Information:** Information and pricing for KATRINA luminaires is available from Birchwood Lighting at 2911 Dow Avenue, Tustin, CA 92780.
