SPECIFICATION GRADE DESIGN FORM + PRECISION ENGINEERED FUNCTIONALITY = NOLAN FROM BIRCHWOOD LIGHTING

New Product Introduction: NOLAN - Specification-grade 3.25" square lensed linear fluorescent light fixture. Highest quality materials combined with refined design aesthetics to satisfy the architectural and commercial lighting communities. OSRAM Lumilux® T5HE or T5HO seamless, or standard T5/T5HO fluorescent lamp configurations. ADA compliant.

Design: Birchwood Lighting In-House Product Design Team

Manufacturer: Birchwood Lighting

Product Applications: NOLAN is a dry and damp-listed luminaire ideal for use in interior lighting applications in either cable-suspended or surface mount orientations. Direct or In-Direct light distributions are offered. Continuous-row mounting available in variable run lengths. Suitable for: Office, Retail, Hospitality, Residential, Corridors, Healthcare or Stairwell installations.

Product Description: As evidenced with NOLAN, streamlined functional luminaire design is a hallmark of Birchwood Lighting. High quality components have been engineered to produce efficient illumination within a minimal 3.25" precision-edged square linear profile. High-impact extruded acrylic lens is designed to heat-expand perfectly into position after every installation eliminating light leak. Easy snap-in lens provides effortless maintenance. Field-adjustable 1/16" aircraft cable suspension or surface mountable. Available with OSRAM Lumilux® T5HE or T5HO seamless lamps (included) or standard T5 or T5HO lamps (by others). Integral electronic ballast.

Construction and Finishes: Heavy-gauge extruded anodized aluminum housing, 1/4" thick precision-machined aluminum end-caps, high-impact extruded acrylic lens with either Frosted White or Frosted Clear transmittance. Custom finishes are available, consult factory.

Ordering Information: Information and pricing for the NOLAN luminaire is available from Birchwood Lighting at 1302 E. Hunter Avenue, Santa Ana, CA 92705.
