

VANESSA

Wall Graze/Wet Location

VANESSA Wall Graze/Wet Location Luminaire

VANESSA combines high-end architectural styling with precision engineering to create a strong, elegant wet location luminaire designed to complement wet exterior or interior installations.

Weather-sealing prevents water and moisture from entering the lens, power entry points and end-caps. Constructed of heavy gauge extruded aluminum, $\frac{3}{8}$ " precision machined smooth end-caps and extruded acrylic lenses.

VANESSA is IP65 rated and built to last while withstanding elements associated with wet listed applications. Available with LED, single or double T5, single T5HO or T8 linear fluorescent lamps. VANESSA is also available in a LED Wall Wash and LED Wall Graze luminaire.

Construction:

- Extruded 6063-T6 aluminum for a balance of weight, durability & strength
- Stand-alone or continuous run mounting available
- Clear impact resistant extruded lens

Performance Optics:

- Available as 4" aperture size
- Frosted White Standard light distribution

Electrical:

- Custom User Specified Lumen & wattage output - available (CLO)
- Optional 1% dimming, emergency, dual circuit and sensors available
- Water-sealed gaskets within knock-outs for maintaining WL rating

PROFILE SIZES

400

MOUNTING TYPES

Wall Mount

Mullion Mount

LIGHT DIRECTION

Wall Graze

NOMINAL LENGTH

Standard
2' to 8'

Continuous Run (<8 Increments of 1')
(see matrix for segment lengths & cable spacing)

LENS/OPTIC TYPES

Efficacy:
up to
95lm/W
Beam:
105°

Frosted White
(Standard)
