

HAILEY RSM

Rotational Surface Mount Luminaire

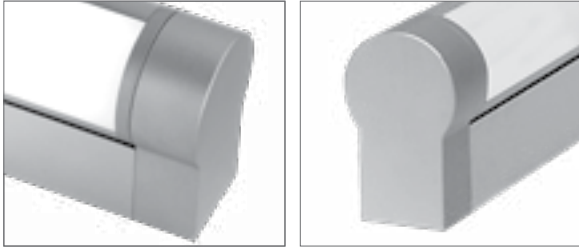

HAILEY RSM Rotational Surface Mount Luminaire

PROFILE SIZE

2.25

MOUNTING TYPE

Rotational
Surface

HAILEY's elegant round linear profile offers a large variety of mounting, lens, LED and fluorescent options.

Available in 2.25" diameter extruded aluminum profiles. Adjustable aircraft cable suspension is a standard feature of HAILEY and is available in various lengths to fit your application. Rotational function combined with arm (RAS), cable (CSS-R) or stack light (STK-RAS) mounting, can allow up to 361° lockable aiming for precise light distribution on the vertical, horizontal or ceiling plane. HAILEY is sophistication, versatility and efficiency combined to elevate your specification. HAILEY is available with LED or fluorescent light source options.

NOMINAL LENGTH

2'
(26 1/16")

3'
(37 11/16")

4'
(49 5/16")

5'
(60 15/16")

LENS/OPTIC TYPE

Efficacy:
up to
95lm/W
Beam:
105°

Frosted White
(Standard)

Construction:

- 2.25" round extruded aluminum housing with precision machined aluminum end-caps.
- Extruded soft frosted acrylic lenses
- Custom powder coat finish colors
- Nominal lengths from 2' to 5' available

Performance Optics:

- 2700K-4000K (FW) Frosted White Lens
- Custom dimming available

Electrical:

- Emergency battery pack option
- Dimming to 1% available
