

ASHLEY LED

Shadow Free Cove Lighting
Narrow Distributed Array

Cove | Soffit

Imagine it...shadow-free cove lighting.

Presenting: ASHLEY LED - the new reality in effective, uninterrupted diffuse illumination for architectural cove and soffit lighting applications.

Specification-grade fabrication and design are encased within ASHLEY's minimal-sized profile selection. ASHLEY easily fits into the smallest installations. Our diffuser and LED engine system combines to provide gorgeous, smooth ceiling illumination or wall-washing without shadows, hot-spots, or glare. Continuous runs are simplified with end-to-end mounting knock-outs and pre-installed Quick-Connect thru-wiring as standard features.

With efficient LED output, precise illumination capabilities, easy installation and adjustable throw, ASHLEY makes it possible to realize better cove lighting - imagine that.

UL and c-UL listed for dry and damp locations.

Made in the USA

FIXTURE SPECIFICATIONS

Construction

Heavy gauge aluminum housing. High-reflectivity White pre-painted aluminum finish. Quick-Connect tandem wired as standard feature for easy master/satellite configurations. Optional plastic dust cover also available.

Mounting

Suitable for surface mounting in cove or soffit. Continuous-row mounting available featuring Quick-Connect tandem wiring (standard).

Adjustable Throw

Tool-less adjustable aiming is performed in up to a full 15 degrees in 5 degree increments for directing the light within the application.

LED Light Engine System

LED Light Engines are available as HLO (High Lumen Output) and SLO (Standard Lumen Output) providing efficient illumination. CLO (Custom Lumen Output) allows for end user specified lumen output or tailored wattage consumption for certain models. Consult factory for details.

Dimming

Dimming is available with a variety of control protocols and options. Consult factory for availability and specifications.

Fixture Length

Fixtures are available in nominal lengths of 2, 3, and 4 feet. Continuous run mounting available. See lamp measurement chart for more for details.

Optics

Available in Wide or Narrow distribution.

Finishes

High-reflectivity White pre-painted aluminum finish is standard. Custom finishes are available - consult factory.

Custom and Mods

We proudly specialize in manufacturing custom and modified luminaires and have the ability to modify most of our standard fixtures. Please contact factory with any inquiries.
